

Crieve Hall Baseball

Is Proud To Partner With

2011 SportieVision.com Spring Baseball Ticket Plans

In today's world it is very hard for each player to have every family member attend every game of the season. Parents often have to go out of town for work or are stuck at the office and grandparents or extended family members who don't live in the immediate area. SportieVision is currently updating its hosting server to offer Video on Demand as well as view games on iPads, cell phones and other devices so if you are stuck in traffic you can watch the beginning of the game on your phone.

Last year SportieVision tested streaming games at Crieve Hall on only 2 fields and we were able to work the bugs out. This year we have increased our coverage to all 4 fields at both parks and will every pitch, hit and catch of the 2011 spring season. There is a large cost that goes into streaming games such as internet, cameras, computers, hosting fees and broadcasting software but the subscription plans we offer below still only come to a couple dollars per game.

A portion of the subscriptions are rebated back to the league. Your purchase of a plan will go to help in re-investing in the future development of Crieve Hall Baseball.

Only Season Ticket Holders will have access to be able to watch games on Video on Demand or receive footage of saved games, top plays or league highlights.

2011 Spring Baseball Ticket Plans
